## SPARTAN CAGERS FACE GAUCHOS, BULLDOGS IN CRUCIAL CONTESTS

By ABNER FRITZ

The CCAA standings will take on a new aspect after this weekend. With four of the five teams competing in San Jose, or Stockton, there will be a better chance to judge who is going to wind up where in conference play.

Tonight the San Jose Spartans face the Gauchos from Santa Barbara in an effort to better their .500 conference average. Tomorrow evening on the same Fourth and San Carlos court the McPherson men play host to Coach Hal Beatty's Fresno State Bulldogs.

The Gauchos almost came from behind to beat the Spartans during the cage clinic, and Beatty's Bulldogs are still licking their wounds over their defeat by Inman, Hughes, Sonntag and Co.

Tonight's contest will be a low scoring game according to previous performances of both teams. Santa Barbara, like San Jose uses the set play, and seldom resorts to the fast break.

Both teams have fine defensive players. Quentin Sims and Al Ballard are aggressive guards, and the Spartan point-savers Stu Inman and Hal Sonntag, with the help of Chuck Hughes and Junior Morgan, who work well under the

(Continued on Page 4)

## DRIBBLE BALL HELD TOMORROW

Dribble Ball, a junior class sponsored dance will be held in the Women's gym tomorrow night following the Fresno game.

Decorations for the ball will be a surprise, according to Meredith Hughes, dance chairman. Record music will be provided by Lou Jano, ASB electrician.

Members of the San Jose and Fresno basketball teams, who will be honored guests at the dance, have been given special invitations by class Treasurer Charlotte Harder.

Decoration committee members are Bill McFarland, Lou Jano, Harold Riddle, George Geneviro, and Sal Millan. Oke sales will be under the direction of Frank Hearne. Patrons are being invited to the dance by Phil Robertson and Jocelyn Capp.

The Dribble Ball will be the fourth in a series of after-game dances for the basketball season. "All Fresno State college students, San Jose ASB members, and their guests are invited to attend," states Miss Hughes. Admission will be 25 cents per person or 50 cents per couple.

## PLAN TO HALT ILLEGAL ENTRY

WASHINGTON, Feb. 6 (UP)—Representatives of the United States and Mexico have reached a tentative agreement on a four point plan to halt illegal entry of Mexican workers into the United States, the State Department announced tonight.

The number of Mexican workers who have entered the United States illegally was estimated at 119,000.

## CRUMBLING GOVERNMENT

The lower brackets of student government are crumbling about our ears. That is certainly the impression one receives from reading such reports as, "Thirteen members of the junior and sophomore classes held a nominations assembly to name candidates for class officers."

At the beginning of fall quarter student interest in class and campus affairs blossomed out into what was then thought to be the start of a large turnout. Now we have 13 people meeting to nominate the executive officers of two classes, made up of at least 1,300 students.

If cliques do govern the campus, what more can they do? How are we going to do away with small cliques if no one is interested in abolishing them? These are questions that perplex anyone who thinks about student democracy.

It has been said by various students that class offices don't mean anything, "so why bother with them?" If no interest is taken in class offices they can't mean anything. However, if all class offices were eliminated, the loss would be felt throughout the entire campus. All problems relating to the individual classes are ironed out in the class councils, and if an adequate solution can not be found there, they are then referred to the Student Council.

It is our duty to San Jose State college to see that people who are capable and efficient are placed in control of student offices. We can redeem ourselves for slacking our duty at nominations assemblies if we turn out in unprecedented numbers to vote in today's election.

If you are a true Spartan use your constitutional privilege and vote.

## POLL SHOWS NO BREAK-DOWN IN STUDENT GOVERNMENT

By KEITH POPE and PHIL GINN

According to campus leaders, there appears to be no break-down in the present Student Body government. This is contradictory to rumors previously received by the Spartan Daily, and which appeared true when only 13 members of the sophomore and junior classes met in a joint assembly Tuesday to nominate their candidates for class officers.

Student leaders and faculty express their opinion:

Nancy Flautt, vice-president of the student body: Voting at San Jose State college has been at a minimum during the past three years, with the students turning out mostly for elections which appeal to them personally.

Dr. Robert D. Rhodes: Voting here at San Jose State is usually a quiet affair, unless there is a "big stinkeroo" over some candidate or law which gets the students riled up. Take for instance—no, on the second thought don't print that.

Jim Gualteri, treasurer of SJSC: I am inclined to agree with "Doc" Rhodes. As long as the candidates are pretty equal in all-around abilities, the voting always seems

to be light. It takes only a few seconds to vote and a big turnout at the polls today would certainly give the government of San Jose State college a big "boost."

Marty Taylor, president of the student body: President ASB government is adequate, but could stand revision as to class election. Some way must be found to stimulate students to find out who the candidates are and then vote.

T. W. MacQuarrie, president of San Jose State: Student Body government is not of the first importance. A student comes to college to pursue work, not extra curricula activities. Comparing our student government with other colleges and universities, it is normal and very adequate at the present and should not be overdone.

## SPARTANS LOSE TO VANDALS, 5-3

Despite some valiant efforts by the Spartan boxers, the University of Idaho's boxers slugged their way to a 5-3 win last night in the Civic Auditorium.

The Spartans started the evening with a two point lead when Rudy Aguirre kept Ray Radford of Idaho moving backwards for two of the three rounds. The Vandals forfeited the 130 lb. match.

Charley Townsend, San Jose's defending Pacific Coast 135 lb. champ lost his bout to Ray Engberson of the visiting team after leading the first round. Townsend fought from a southpaw stance and seemed a bit confused as the bout ended.

Bill Williams of Idaho, and Al Figg of San Jose put on a good show for the fans, with the for-

mer winning the bout. Williams, the Coast 145 lb. champ, showed supreme form in winning from Figg who put up a game struggle.

Bob Andersen and Herb Carlson of the Vandals slugged it out in the 155 lb. match. Andersen started in the lead, but the decision went to Carlson.

Wayne Fontes of the Spartans and Ted Diehl, in a toe-to-toe three round 165 lb. bout, pounded each other unmercifully. However, the Spartan from Capitola had the upper hand all the way, and only the bell saved Diehl in the second round.

In the final bout, Larry Hansen of Idaho outpointed Gray McConnell of San Jose, after the first two rounds had been decided at 10-10 for the two heavyweights.

## ALL-TIME LOW EXPECTED FOR VOTE TURN-OUT

Mid-Winter quarter elections got under way today as polling booths in the Library arch and in front of the Morris Dalley auditorium opened.

The Associated Students of San Jose college will cast their ballots for candidates for two Student Council representatives and two junior justices on the Student Court. Names of candidates for offices in the freshman, sophomore, junior and senior classes will also appear on the ballots.

Predictions, based on the calculation of returns from previous elections held this year, indicate that an all-time low in the number of votes cast by the Associated Students will be reached.

### FRESH COUNCIL

Candidates for the offices of freshman council representatives are, Len Frizzi, journalism major from San Jose, Armen Hanzad, journalism major from Hollywood, Robin Hess, foreign relations major from Los Altos, Joanne Hoffman, mathematics major from San Jose, Merrill Hulse, music major from San Jose, and Richard George, police science major from Reading, Pa.

### JUNIOR JUSTICE

Those running for the offices of junior justice are, Melita Hall, general elementary from San Jose, Betty Sills, kindergarten primary from Auburn, Hank Imsen, aeronautics administration major from Oakland, Henry Leland, social science major from San Jose, Keith Pope, journalism major from Watsonville, and Phil Robertson, journalism major from Ukiah.

### SOPHOMORES

Nominees for offices in the sophomore class are Pat Walsh, Lee Dugan, and Fred Meischke, for president; William Sawsey, vice president; Winifred Helm and Esther Weakly, secretary-treasurer.

### JUNIOR CLASS

Junior class nominees are Sal Millan, Arlene Ross, and Dorothy McAllister, president; Meredith Hughes and Pat Young, secretary; and Duke Davis, Norma Martin, and Jocelyn Capp, treasurer.

### FRESHMAN

Candidates for the freshman class offices are Ray Bishop and Don La Fave, president; Pat Bodwell, Bill James, and Don Scheaffer, vice-president; Joan Jenkinson, secretary; and Sheldon Kully, treasurer.

### SENIORS

The candidates running for offices in the senior class are George Milias, president; Betty Doyle and Jessie Steinnagle, vice-president; Ayleen Dyche, Cecile Monahan, and Jean Wolf, secretary; and Nancy Albano, Connie Jones, and Hilton Large, treasurer.

## Frosh Falls; Stitches Taken

Theron Sefton, freshman student, was injured Wednesday, when he slipped in the corridor and cut his elbow. Several stitches were taken on his arm at the Health office.

This is the third accident involving freshmen this week.

Robert Lother, injured Tuesday in a chemistry laboratory, and Elwood Deras, injured the same day in the woodwork shop, are reported to be improving satisfactorily. Both have continued classes.

Jack Zinghem, sophomore injured Thursday, returned to classes this week.

## THRUST AND PARRY

### Junior Class

As a guy trying to get a darn good gal elected to the office of president of the junior class, I'm probably the poorest campaign manager in the business. There is, however, a definite need for a good efficient president in our class, willing to devote a good portion of his time to that office. Arlene Ross can fill that position as it should be filled.

We have been very fortunate the first half of the school year, in having Phil Robertson as president. The guy is terrifically overworked, as you who know him realize. Whoever holds the office, must buck the fact that of the juniors, numbering around 700, only about 25 are active.

Arlene is well aware of this situation and if elected is going to do her utmost to remedy it. You in the council which is open to all interested juniors, know how much banging your head on the wall must be done to get anything accomplished.

Yet, the majority are constantly yelping about cliques.

San Jose State college is made up of about 35 per cent commuters, 15 per cent who intend to transfer to some other school, and the remaining 50 per cent living or residing in San Jose temporarily.

Naturally it is difficult for the commuters to take an active part in the activities of the class, though some do, and probably are as active as the 50 per cent living in San Jose.

You people who feel you don't have the time to participate in class activities, at least have time to vote for people who you believe would fill the job as it should be filled, and not in the so-called 'clique' manner.

Perhaps a good many could have written and worded this much better than I, but if even 100 of the 700 juniors vote today, then this article will have more than accomplished its purpose.

Sincerely,  
 Duke Davis

### Intramural Cage

Dear Thrust and Parry:  
 For the students' information, there is an Intramural basketball tournament being held. In recent years this activity has had virtually no support, but this year shows a great increase in the amount of enthusiasm.

There are 15 teams entered in the two leagues, but of these teams, only one has any backing, ie the Current Events Forum.

The members of this organization never fail to turn out at noon to see their team play and to cheer them on; but you, the rest of the students, do not have to belong to any organization with a team, to come to the games. Bring a box lunch and cheer the team you choose.

And girls, the men's gym is not taboo for you, so bring your lunch and watch some of your fellow-students put on a good show.

There are two games every day, Monday through Thursday, starting at 12:30, and ending at 1:10.

—Les Penterman

### 'To the Few'—

To Thrust and Parry:

What's in a little fun? Well, usually a joke ends with the act. Unfortunately, this is not the case with a few on our campus.

I sincerely believe the minstrel act to be presented in Spartan Revelries is meant for genuine entertainment. However, a few students aren't capable of taking it as such. To this few, the minstrel act is just enough stimulus to encourage them to make "down yonder" remarks and comparisons.

I have overlooked several "approaches in dialect," and consoled myself by saying that they just don't know any better. Now, that would be a reflection on their education; so I will not say that.

However, I will say "to the few," let us bridge the gap between formal education and practical education.

ASB 6094

### 'Confused, Indignant'

Thrust and Parry:

As a student of San Jose State college and as a member of the AYD, I am both confused and indignant. Though no specific accusations have been directed against the AYD, rumor has it, that it is this organization to which both Dr. MacQuarrie and Robert E. Pearson referred.

As far as I have ever been able to discover during my year's membership, the AYD has supported and acted upon the following principles:

1. World cooperation to preserve peace and destroy fascism.
2. Jobs for all; the right to work.
3. The right to full education; Government aid to students and higher education.
4. Increased student government; more student democracy.
5. Elimination of the quota system; no discrimination against Negroes, Jews, and other minorities.
6. Increased benefits for veterans' education.

I've failed to see anything alien or destructive in our program. I therefore feel certain that it is not the AYD that was referred to.

But I continue to be concerned about the campus organization that is attempting to overthrow our democracy and substitute an alien bewhiskered dictatorship.

Dr. MacQuarrie owes it to the student body, not only to warn us of this subversive group, but to specifically identify them so that we may not be victimized by their program in the future.

Betty Dubin

### Marginal Consumer

Dear Thrust and Parry:

COOP PLEASE NOTE. As an important consumer of Hershey bars, I object! the smaller bar I don't mind. A small boost in price I wouldn't mind. BUT to get that flea-size bar, and have to pay six cents for it, THAT HURTS. In the language of the Econ department, I am a marginal consumer, and you are pricing me out of the field.

ASB 3785

## Cosmetics

### Dr. Witherspoon Revives Course In Mixing Make-Up

By PHIL GINN

Coinciding with Science department exhibits of the "innards" of bubble bath this week, was an announcement yesterday by Dr. Gertrude Witherspoon, associate professor of chemistry, that cosmetics, Chemistry 60, would be revived next quarter.

"Don't let the chemistry number scare you away," Dr. Witherspoon stated concerning any prospective student.

Primarily, the course will consist of lectures designed to acquaint the student with the comparative merits of the various cosmetics on the market today, and the reason for the difference in price of the cost of material and the final selling price of the product," she explained.

#### NO PREREQUISITE

The course, which will be limited in enrollment, requires no prerequisite, the professor of chemistry said.

Beginning spring quarter, Chemistry 60 will be offered in a two hour lecture-laboratory arrangement from 8:30 to 10:30, Monday, Wednesday, and Friday, for three units, in room S123.

As the course is arranged at present, Dr. Witherspoon expects to give the first two lectures as a type of orientation to the course, and then let the students launch into the experiments for themselves.

#### NO KITCHEN INDUSTRY

"Cosmetics is no longer a 'kitchen industry,'" she asserted, adding that "all the large cosmetic firms today, including Max Factor of Hollywood, make extensive use of chemistry."

The chemists in the industry are largely research people, said Dr. Witherspoon. "Today, if the large cosmetic concerns want to keep up with the opposition, they are forced to employ research people. I can't think of any field of manufacture that is more closely allied with chemistry."

A partial list of the things that Chemistry 60 students will make from formulae reads like a drug-store manifest. As examples: face powder, bubble bath, foundation make-up, four-purpose cold cream, hand cream and lotion, cleansing creams, mouthwash, nail polish and nail polish remover, after-shave lotion, suntan oil and cream, tooth paste and powder, lipstick, cream cologne, deodorants, and brushless shaving cream.

"Several years ago, a student came to me with a home-made formula for a type of cold cream and asked me to analyze it for her. It was in 'kitchen' units of measure, and it took me a long time to break it down into a chemical formula. Finally I did, and it stimulated me to dig deeper into the effects of chemistry on the cosmetic industry.

"I found that from that one 'home-made' formula, I was able to make 45 different cosmetics. My classes have been digging even deeper and may some day come up with the 46th."

## Fall Quota

### Pre-Engineering Transfers Face Enrollment Limit at U.C.

Students planning to enter the colleges of engineering at the University of California probably will be subject to enrollment restrictions that are scheduled to become effective for the autumn semester, beginning September 1947, Dr. Jay C. Elder, dean of general education at San Jose State college, announces.

Limitations in enrollment in engineering, resulting from a marked increase in applicants at the University, will be made on the basis of aptitude tests, with due consideration given for exceptional scholarship in subjects completed in high school and in the college lower division.

According to a University of California announcement, the tests will be administered in various sections of the state—probably in May. The exact date is to be announced later.

The test to be used for admission to the lower division, freshman or sophomore standing, is a general college aptitude test. The test to be used for admission to the upper division, junior or senior standing, will be based upon subject matter covered in the prerequisite lower division courses in mathematics, physics, chemistry, pre-engineering, drawing, surveying, etc.

Pre-engineering students who will have completed lower division prerequisites in June 1947 with a "B" average probably will pass the entrance examination, and be admitted to junior standing without difficulty. Those who fail to attain a "B" average in the lower division prerequisites may not be able to qualify in the entrance examination, the announcement explained. Those who fail to attain a "C" average should consult the Dean of Student Personnel and Guidance regarding a change in objective.

Although a formal announcement has not been issued by other engineering schools of the west coast area, it is highly probable that they will adopt similar measures.

The deans of the colleges of engineering have recommended that those students who are denied admission in September take advantage of the opportunity for broadening their educational background in literature, history, economics, biology, psychology, foreign language, etc. In the opinion of the deans, delay in enrolling in one of the colleges of engineering may, therefore, be offset through the advantages gained in these fields.

Dr. Elder suggests that pre-engineering students at San Jose State may find it advisable to continue here for an A. B. in engineering or for an A. B. degree with a major in industrial technology. He pointed out that the department of Industrial Arts also offers attractive programs in fields closely related to engineering. In this respect, he drew attention to the fact that in addition to positions in the established divisions of engineering, there are many openings for men in industrial plants where a limited amount of training in natural science will qualify for responsible posts in applied work in industry.

The following department heads and deans will provide students additional information on engineering opportunities: Ralph J. Smith, head of Engineering department,

## KNIGHTS PRESENT KEY TO CALLAHAN

Frank Callahan, former night watchman at San Jose State college, better known as "Mr. C.", was presented Tuesday with a Knight Key in appreciation for his contributions to the college.

The Spartan Knights made the presentation to Mr. C. and thanked him on behalf of all the students he had helped in his many years here.

"Students have appreciated your advice, your kindly hints, and your friendship," he was told.

"Mr. C." was elected an honorary Spartan Knight in 1942 upon his "graduation" due to ill health.

His poetry was one of his outstanding contributions to campus life, and most pre-war students recall many of his verses. The key, usually presented to graduating Knights who have rendered outstanding service to the school was bestowed by unanimous agreement of the Spartan Knights.

## Exchange

By TOM ROWEN  
 U. S. F.

A campaign is underway on the Don campus to send books to the devastated schools in Europe and Asia. A quota of 2500 books has been set and students at USF are contributing one book each. A similar campaign is being carried on in all Catholic schools in the bay area.

### VENTURA J.C.

A committee has been organized at Ventura J. C. for the purpose of promoting a war memorial in honor of former Ventura junior college students who gave their lives in the past war. Each student is urged to make a contribution to the memorial fund which would be a fitting memorial to those who gave.

room 13A; Heber A. Sotzin, head of Industrial Arts department, Industrial Arts building; James C. DeVoss, Dean of Student Personnel and Guidance, room 114; P. Victor Peterson, Dean of Professional Education, room 100, Science building; and Jay C. Elder, Dean of General Education, room 110.

From time to time, the Spartan Daily will publish additional articles explaining enrollment limitations that will affect "pre-students" in other departments who are planning to take upper division work outside this college.

## From the Dugout

### Hard at Work:

McPherson has his ballplayers hard at work. Not much was accomplished Monday but Walt is going to have the boys make up for it the rest of the week by working as long as there is any sunlight.

With all of those players he has, McPherson ought to drill one squad during the day and another bunch at night. Municipal Stadium is too crowded for comfort.

### Around the Conference:

Baseball is again starting to be the major topic on campuses in the CCAA.

Down in San Diego, the Aztecs have their entire championship club back and will be ready to defend their crown against all comers. Several ex-servicemen are battling lettermen for positions and may be in the starting lineup when San Diego opens the season.

Fresno State and Santa Barbara State have several returning lettermen and also should be strong this year. Salwasser, Bulldog's pitcher last year, may play the outfield this year. He is supposed to be some hitter.

COP and Cal Poly will be the question marks this year in the CCAA because neither school played conference baseball last year. The Tigers have several returning lettermen from last year and should have a good club.

### Has Troubles:

Over at Berkeley, Clint Evans is having his troubles deciding on who he wants to keep for the Golden Bear ball club.

He has nine returning lettermen out and also on hand some lettermen of previous years. These include Cliff McClain who hit .404 as a sophomore in 1943, Ed Cleminti who played third for the Bears in '43, and Bob O'Dell who played the initial sack on the '43 club.

All coaches are running in the same kind of headaches this year so just take some more aspirin powders, Evans.

### Brotherly Love:

We don't know if Santa Clara plays Cal this year or not but such a game would be a natural.

The Bears have catcher, Jim Fiscallini and outfielder, John Fiscallini on their roster. Both are lettermen from last year's squad. While Santa Clara has a catcher on their roster by the name of Frank Fiscallini, Frank caught for the Broncos in '42 before going into the army.

Things should be very interesting if these three brothers get together.

### INTRAMURAL

Four squads still remain undefeated in the intramural basketball tournament. They are the Unknowns and Tuffy's Big Five of the Tuesday-Thursday loop and the Mangin's Murderous Marauders and the Current Events Forum quintets of the Monday-Wednesday association.

Yesterday's major game saw the powerful Tuffy's Big Five dump the Frosh Hot Shots 57-19 as Jack Casey and John Wilbur tipped in 16 points. The Fightin' Tigers edged the four K's squad 47-27; Jim Martinet led the attack with 14 points.

TOMORROW

## Basketball Takes Over

### JAYVEE FIVE FACES TWIN FOES IN GYM

San Jose State's junior varsity basketball team will be trying to extend its winning streak to an even dozen this week-end.

Coach Bob Bronzan's fast improving squad will open the cage program in the local gym tonight at 6:30, when they face a strong quintet from Fort Scott of San Francisco.

Tomorrow night the State juniors will battle the local Lincoln High school team in Spartan pavilion. Game time will again be 6:30.

Little is known about the Fort Scott five but with the material they have Coach Bronzan expects a good battle.

The Lincoln high five are currently leading the Peninsula Athletic League standings and have yet to be defeated this year in conference play.

The cross town team defeated the Spartan Jayvees in a practice encounter before the Christmas holidays. Both teams have improved since then and a close fight is expected tomorrow night.

Starters for tonight will be Orlando Tamburino and Jim Waterman at forwards, Bob Enzensperger at center, and Mel Stein and Dave Marks at guards.

Others slated to see action are Dick Montgomery, Bob Santos, Harley Dow, George Persha, Bob Cutler and Chet Bulwa.

### TENNIS

More than 40 tennis enthusiasts are practicing daily from three to five o'clock at the Spartan stadium tennis courts according to Coach Ted Mumby. The Varsity and freshman practice hours will be from 4:30 o'clock on in the near future to ease Coach Mumby's crowded hours.

Intramural tennis is expected to get underway sometime during the latter part of the month. Coach Mumby invites all interested tennis fans to participate in the coming tourney.

The Spartans have been asked to participate in the famous Ojai annual tennis tourney to be held in April. San Francisco State

### Baseball Squad Well Supplied With Material

Coach Walt McPherson ran into difficulty yesterday with the weather man so the third day of baseball practice had to be called off. McPherson intended to finish up the batting practice that was started Wednesday but it was just too cold for the ballplayers to work out.

Wednesday most of the squad got through batting practice but there was still some left over. Leeland Clark, Con Maloney, and Jack Burtner took their turns on the mound during batting practice and looked good for this early in the season. Jack Kakuchi, Howard Best, and Jim Wilson were behind the plate to catch their slants.

McPherson took census yesterday and found that he had 8 catchers, 11 pitchers, 21 outfielders, and 19 infielders. There are still several players that signed up who have not showed up but they are expected to be there in a few days.

Some of the basketball players who double in baseball were on hand Wednesday to take some cuts in the batting cage. They were taking it easy because there is still some time before the basketball season is completed.

### STATE SWIMMERS PREP FOR OPENING MEET NEXT WEEK

Coach Charlie Walker will send his varsity and junior varsity swimming teams through their final time trials this afternoon in the local pool at 3:30.

The varsity mermen will open their season next Friday night in Spartan pool when they face the strong San Francisco Olympic Club at 8 o'clock.

Other teams on the Spartan schedule are St. Mary's, California, Stanford, Cal Aggies and Cal Poly. The complete schedule will probably be released next week, according to Coach Walker.

college has asked the Spartans for dates. The team are the defending California Collegiate Athletic Association's champions.

### STATE CAGERS SEEK DOUBLE CCAA WIN

(Continued from Page 1)

backboards, will keep the scoring low.

Santa Barbara has the advantage on the long range shots. Harvey Hubler, Coke Morrison, and Bob Sherman are always a menace, while it is always a question whether or not the Spartan long shots will hit.

Saturday's struggle, and it doubtless will be a bitterly contested one, finds the two arch rivals Fresno and San Jose fighting it out, this time with a pair of iron hoops at either end of the arena.

Vern Reggins, Earl Maxwell, and Johnny Beckwell lead the Red and Blue attack, and if the cage clinic was any sample of the way things will go tomorrow evening, all participants will need shin guards, knee guards, and helmets.

Fresno has lost to COP, as did the Spartans last week-end, but tomorrow evening's fracas will go to the team which makes the most of its chances from the free throw line.

Coach McPherson will probably start Hagen, Robinson, Hughes, Inman and Sonntag both tonight and tomorrow.

### State Grapplers Face Berkeley YMCA

The strong Berkeley YMCA will be the Spartan varsity wrestling squad's next opponent, according to Coach Ted Mumby. The date for the fray has been set for Wednesday here in the Men's gym at eight o'clock.

Coach Mumby's sensational wrestling squad has now won its fourth straight meet. They defeated UCLA, Stanford, San Francisco State, San Francisco Central YMCA and are the newly crowned champions of the Northern Junior Wrestling tourney, which was held in Berkeley two weeks ago.

They have lost but one meet during the regular season. Their lone loss was at the hands of the powerful California squad here a few weeks ago. The Spartans edged them in a close battle for first place in the NCJW tournament.

Next Friday evening the Spartans travel up to Palo Alto where they meet the strong Stanford university wrestling team. The Spartans have defeated them twice in close meets. Pat Felice will probably be gunning for revenge of his defeat at the hands of Coach Mumby's son, Winston.

The Spartans' big meet will be with the strong and rugged Olympic club team to be held here on the 20th of this month. The Club gave San Jose plenty of trouble at Berkeley.

Two weeks from now, the Spartans will engage a team of wrestlers at San Quentin. The matchmaker for this event was Mel Bruno, former Spartan wrestler, who coached the San Francisco Central YMCA team.

# ORGANIZATIONS

## APO ELECTS NEW OFFICERS

Alpha Pi Omega, social fraternity, elected officers for the second half of the school year at Wednesday's meeting.

Marley Darneal was chosen to succeed Hank Tonini as president of the organization, and Darwin Spolyar was elected to the vice-presidency.

Other officers are Ernie Hamlin as secretary; Jack Schatz, treasurer; Al Williamson, corresponding secretary; and Fred Hand and Bruce Craig, Inter-Fraternity Council representatives.

Formal installation of officers, a custom being revived for the first time since the war, will be held at the De Anza Hotel, February 12 at 6:30 p.m. A dinner will follow.

Plans are also being formulated for the fraternity's annual Full Moon dance. Held during the spring quarter, the dance is being given full-time consideration by committee Chairman Bob Guenther.

Also given attention at Wednesday's meeting was the APO-American Legion basketball game to be played on the Woodrow Wilson high school court February 7. Game time was set at 7:30 and uniforms were decided upon but a starting team was not issued.

Plans for the fraternity's part in Spardi Gras, are being worked out by Bob Lowe. In direct conjunction with Lowe, are Dick King, Jack Faulds, and Kay Casper, who are concerned with Queen-finding. This trio reported good progress despite the obstacles in the path of an objective search.

## Beta Chi's Elect Eldridge Again

Bob Eldridge was re-elected president of Beta Chi Sigma fraternity at Wednesday's meeting. Also re-elected was Vice-president Ed Hinkle.

Connie Eaton is the new secretary replacing Harry Burmestor, and Bertram McDonald replaces Bill Ellis in the post of treasurer.

Earl Castner was elected pledge master, Gil Erbb is junior member at large, and senior member at large is Bill Byers.

## ART FRATERNITY PLEDGES EIGHT

Eight prospective pledges were present at a reception which was held by the Alpha Kappa Chapter of Delta Phi Delta, Art fraternity, last Monday afternoon at the Student Center.

Those being pledged include Nancy Buckingham, Jean Fickes, Jack Galvin, Norman Jae, Dorothy Lyon, William Wagner, Violat Sovaas, James Rambo, and Mrs. Alice Stevenson.

Members of the group held a social meeting last week. Mr. Roger Condon, local artist, spoke and showed several of the paintings and drawings he did while overseas.

## ANNOUNCEMENT

HAVE YOU LOST a ring, a wallet, a cigarette case, a bracelet, a fountain pen, or a slide rule? Call at the Lost and Found in the Information office and see if one of your lost articles has been found.

## PROFS INVITED TO JOIN HIKE

The Loma Prieta chapter of the Sierra Club of California is inviting any interested faculty members at San Jose State college to join in the hike to Mt. Hamilton Sunday, February 9.

Several inquiries from faculty members, as to their status in connection with the trip this week, have prompted Mr. Elmo Robinson, professor of philosophy, to explain that anyone at school can join the hikers. "The only requirements are warm clothing and lunches," Mr. Robinson explained. "However," he added, "those with cars are requested to take students and others who have no transportation."

Hikers will meet at Fourth and San Antonio streets in time to load passengers and leave by 8:45 a.m. The group will drive to Smith Creek, hike six miles, round trip, covering a climb of 2100 feet, Mr. Robinson said.

Rudolph Pundt, senior industrial arts major at San Jose State, and a member of the Sierra Club, will be in charge of the group.

## Newman Club Elected Officers

Newman club, Catholic students' organization, held an installation of officers at the clubhouse last Thursday evening. Those who took office were Lou Hoffman, Bobbie Rodenborn, "Bee" Edwards, Joe Socco, Joe Garsky, and Joe Cantanzaro.

Club pictures for the La Torre are to be taken on Monday.

## Crisman Will Talk To CCFT Tomorrow

Harold Crisman, director of the northern district for the Navigators Bible Club, will speak at the Youth for Christ rally in the Montgomery Theater of the Civic Auditorium Saturday night.

Crisman has been in this work with the servicemen through the war years. He will tell about the founding of the organization which was started by a group of sailors on a battleship during the war.

Harry McCorkle, director of San Jose Youth for Christ, will be the master of ceremonies. Sev-

## MARY SIMIN IS NEW DBS PREXY

Mary Simin was elected president of Delta Beta Sigma society on Wednesday evening to succeed Cecile Monohan.

Other officers elected are Emily Dillon, vice president; Genevieve Oliver, recording secretary; Marilyn Scott, corresponding secretary; Melita Hall, treasurer; Shirley Anthony, historian; Martha Wagner, sergeant at arms; Amy Heap, reporter; Joyce Norwall, inter-society representative; Jean Rielli, AWA representative.

## IRC DEBATERS DISCUSS UN

"The World Federation vs the United Nations" will be the topic for discussion between the World Federalist and the International Relations clubs next Monday evening at 7 o'clock in the Student Center.

Students participating in the debate are Robin Hess of the World Federalist group and Meredith Hughes and Robert O'Neill of the International Relations club.

There will be a short business meeting before the discussion. Refreshments will also be served. The IRC is planning to hold an informal dinner meeting with the group, discussing the problem on some outstanding current question.

Everyone is invited by both organizations to attend the meeting.

# What is Profit?

**1. Before people can have such things as shoes and gasoline and vacuum cleaners, at least two things are necessary. Someone has to provide the "tools" and raw materials you need to make those products. And someone has to perform the labor of turning them out.**

**2. Now if you're going to ask a man to put all his labor into the production of gasoline and petroleum products for other people—instead of expending it on things for his family and himself—you obviously have to compensate him in some way. Under our American economic system we do this with wages.**

**3. By the same token, if you're going to ask a man to put his money into "tools" and raw materials that will produce gasoline for other people—instead of spending it on things for his family and himself—you have to compensate him in some way. So we offer the "tool-provider" a chance to make a profit.**

**4. At Union Oil, for example, 34,970 individual Americans have put up varying amounts of money to provide the refineries, drilling rigs, service stations, etc., that we need to make and distribute petroleum products. If the company makes a profit these people—called shareholders—are rewarded with cash dividends.**

**5. As a rule, about half the profits are plowed back into more "tools" and half are paid out in cash dividends. But the total profits each year are much smaller than most people think. In 1945, for example, they amounted to only 5.9% on the capital invested in the company—less than 6¢ out of each dollar the company took in.**

**6. It seems to us that this is certainly not an unfair reward for the contribution these "tool-providing" people have made to the company. And without this profit incentive we Americans could never have achieved the high productivity and efficiency that have made this country great.**

## 50 Students Scheduled For Degrees in March

Over 50 students will receive their degrees in March, according to Registrar Joe West. Thirty-seven students have applied for their Bachelor of Arts degree; thirteen for their Bachelor of Arts with a teaching credential; four post graduates for teaching credentials; and one post graduate for an administration credential.

Bachelor of Arts degrees with teaching credentials: Bernice Mary Bassi, Chester Norman Carsten, Kathleen Mae Hungerford, Physical Education Secondary; Barbara Vera Campbell, Marvin Wesley Clapper, Dorothy Ellen Lewis, Business Education Secondary; Maurie A. Hamill, Virginia May Hinrich, Phyllis Hackman Johnson, Donna Keller Kennedy, Patricia Catherine Renz, General Elementary; Lempi Brigitta Leskinen, Beverly Jean Strong, Music Secondary.

### A. B. DEGREE

Bachelor of Arts degrees: Samuel D. Bettes, Winifred Louise Byles, Harold C. Couse, Roy Daniel, Crocker, Charles, Henry Culp, Garry A. Davis, Jr., Elmer Frank Ervin, Shung Kong Fong, Clair Frazer, Robert G. Gager.

Alfred Iroe Gross, Jr., Frederic A. Hand, Robert Warner Harrell, Ruth Louise Hensen, Donald Jones, Robert Loring Knotts, William Henry Lawrence, Jr., Laura Lauraine Manley, Barbara Adrian Manning, Walter F. Meyer, Gaylord Emery Moxon, Madelyn Susannah Neudeck.

June Virginia O'Brien, Jack W. Oney, Vernon Maxfield Parrish, Susanna Patterson, Ranson Wythe Rideout, Duane M. Rumph, Susan W. Sikes, LeRoy P. Sorensen, Robert Louis Steele, Virginia James Taylor, Edith Marjorie Thomsen, Ann Josephine Tomasello, John James Tracy, Rae Steele Williamson, Mary Eileen Wilson.

### POST GRADUATES

Post graduate students receiving teaching credentials are Robert Norman Growohl, Industrial Arts secondary; Charles Robert Mathison, Art Secondary; Leonard Einar Strom, Music Secondary; George E. Terry, Physical Education secondary.

Sally Ciraulo Lazera, post graduate, will receive an Elementary School Administration credential.

## Announcements

## VARSITY AWARDS TOP NOON RALLY

Football awards and a speech by Coach Bill Hubbard will top today's rally at 12:30. It will be held either in the outer quad or Morris Dailey auditorium, depending upon the weather.

The remainder of the program, with Don Titcomb as master of ceremonies, will feature Nadine Jensen and her piano and trumpet specialty, Bob Reid and his guitar, a five-piece swing combination, records, and yells and songs.

Miss Jensen will play 'Straighten Out and Fly Right.' The swing combination will present three numbers. The group is composed of Don Mitchell, Ross Bergantz, Jerry Kelly, George Cuncha, and Carl La Herran.

Tonight's half-time show will be broadcast over KSJO, with numbers by Ralph Romano and his accordion, Nadine Jensen, and the 540 Boys' swing group. Don Titcomb will be master of ceremonies.

The Saturday night intermission program will also be broadcast. It will be presented by members of the cast of Spartan Revelries. They are:

Bob Reid and his swing combo, Betty Louthan and Don Brown, vocalists, and 'Unc' Hillyer and Bob McFadden, comedians. Bill Ellsworth is master of ceremonies.

## Lycurgus Inquires About Student Eats

Lycurgus staff members will start conducting a poll today to determine how state eats. Questionnaires will be passed out to 1000 students on campus who will be asked what problems are involved in the matter of eating.

The results of this article will appear in the winter issue of Lycurgus. This feature article will be written by Willetta Sullivan. Last quarter, Lycurgus presented a similar article on how state lives, and this article will be presented in the same manner.

These questionnaires can be deposited in boxes which will be located in the Publications office, Student Union, and the outer quad.

This questionnaire is merely an attempt to find out what problems students have in the matter of finding a place to eat, average cost, and kind of food offered.

## Positions Open In Los Angeles

The Los Angeles city school district has sent word to Miss Doris Robinson, director of the Placement office, that certified positions are open for competitive examinations in the following fields:

Elementary and kindergarten-primary, industrial arts fields, commercial fields, boys and girls physical education, art, homemaking, librarianship, and music.

Those interested should see Miss Robinson immediately, in order to learn the filing date for the examinations.

**AM WILLING TO SHARE EXPENSES** in return for a ride from Mountain View to 7:30 classes Mon., Wed. and Fri. D. E. Beard, B box, Coop; or 542 Church street, Mountain View.

**WANTED:** Two beautiful blondes, redheads, or brunettes to attend Revelries with State bachelors. References will be given. Contact R A and R H in H box, Coop.

## Adviser Calls For Large Freshman Election Vote

Nomination and candidate speeches for freshmen offices were made at yesterday's class meeting in the Morris Dailey auditorium.

"The freshman class has potentially the greatest number of ballots to be cast in the history of the school," said Dr. Carl Rich, class adviser, who presided at the meeting. "Everyone should turn out at the polls, and pick the people who have the ability to represent them."

Novelties at the pre-election meeting included a "campaign song" on behalf of one of the candidates and the appearance of the "Whistler." The latter campaigner appeared on the platform with the roll of drums in the background, and proceeded to whistle the eerie tune familiar to mystery story fans before making his nomination speech in a somber voice.

A report by the mixer committee revealed that the quarterly frosh-soph mixer will be held February 27. A baby bottle contest, basketball, three-leg races, and volleyball will be a few of the day's activities. The dance will be in the women's gym from 9 to 11 p. m.

## DR. MacQUARRIE TO TEACH CLASS

Dr. MacQuarrie will take over on February 25 when I have to go east, Dr. William Sweeney announced to his Education 100 yesterday morning.

Dr. Sweeney is leaving the end of the month to attend a conference of school administrators in Atlantic City, New Jersey, and President MacQuarrie will teach the course for the remainder of the quarter.

"I know you're glad I'm leaving," Dr. Sweeney kidded his class-members of which expressed their sorrow at his departure in the middle of the quarter—"but it's not every class that has the privilege of being under the tutelage of the president of the college."

## SGO'S PLAN SKI EXCURSION

At a special meeting in room 33 Wednesday night, the members of Sigma Gamma Omega formulated final plans for a ski excursion to Badger Pass, Yosemite National Park. John Daegling, member of the San Jose ski club and chairman of the trip presented a list of requirements to the members. It was decided to include active members, inactive members, and guests on the trip.

President Walt Fisher announced to the group that the pledging session for the spring quarter will be shortened, so that informal initiation will be before mid-terms.

LET'S GET BUSY AND VOTE FOR

## TWO ADDED TO VET'S STAFF HERE

Veterans' Administration has assigned two more representatives to work at San Jose State college.

Due to the large veteran enrollment here, more than one half of the total student body, Mr. Clement Walsh from the Registration office in San Francisco, and Mr. Pat Moran will assist in

veteran problems.

Mr. Walsh will be here full time to answer any questions veterans may have on registration, enrollment, subsistence, awards, and dependency claims.

Mr. Moran, who is a contact representative, will be in the Vets' office, room 16 from 9:30 to 12 to answer any queries.

## FEMININE CAGERS BEGIN PRACTICE

Women's basketball teams are starting practice for their league games which will begin February 18. Organizations and independent groups have signed 18 teams in the tournament.

Games for both the elimination tournament and the consolation rounds are slated, with 25 games in all. Finals will be played about the first week in March, according to Miss Margaretta Fristoe, adviser.

Women physical education majors will do all the officiating for the games, and they have offered to coach any team desiring such assistance. The majors have given up one of their sports lab periods so games can be held on Tuesday afternoons.

Organizations and houses that have entered teams in the tournament are the Junior class, Mary George co-op, Sappho, Varsity co-op, Arnacoma, Zeta Chi, freshman class, and two independent teams, Burtner's Buds, and Balls of Lightning.

The CWC, Kappa Kappa Sigma, YWCA, and Pratt Hall have each entered two teams. Team captains are urged to follow their practice schedules and check the game dates for the first two rounds.

## BRUCE McNEIL NOT TO RETURN

Bruce McNeil, injured recently in an automobile accident, will not return to classes this quarter.

McNeil, who suffered a fractured jaw in the crash, is not bedridden, but will wait until spring before returning to San Jose State college.

His place as sophomore representative on the Student Council will be discussed Monday night at the council meeting, according to Kay Goepfert, Student Court member.

ATTENTION WSSF CANVASERS: Don't forget your hours in the booth today: 9:30, Carolyn Hackman; 10:30, Pat Roan; 11:30, Pat Howie; 12:30, June Hansen; 1:30, Robin Hess; 2:30, Carol Baumgartner.

## Officer Says Gems Souvenirs of War

SAN FRANCISCO, Feb. 6 (UP).—Col. Edward J. Murray, former custodian of the Bank of Japan under technical arrest for smuggling a \$210,000 horde of unmounted diamonds into United States, said today he considered the gems "legitimate booty of war or souvenirs."

"I don't feel that I stole the diamonds," the be-medaled 55-year-old veteran of both world wars told newsmen during an interview at Fort Mason.

"I know, though, that I'm in a bad jam," he nervously admitted. A native of Sacramento, Calif., who came home on leave to his wife and daughter in Palo Alto, Murray is in technical custody awaiting Gen. Douglas MacArthur's directive to fly back to Japan and tell how and where he obtained the fortune in jewels.

For more than two years he was in command of the Bank of Japan vaults holding millions in jewels looted by the Japanese army of occupation in the invaded countries.

The eighth army chief of staff in Yokohama said Murray's books recently had been audited and no losses from the bank had been reported.

"I don't know the origin of these jewels," Murray said. "I got them last winter. They were not in U. S. army custody. There is nothing in army regulations which prohibits the purchase of souvenirs."

## National C. of C. Has Labor Plan

WASHINGTON, Feb. 6 (UP).—The Chamber of Commerce of the United States today submitted to Congress a 16-point labor legislation program calling for a ban of the closed shop, industry-wide bargaining, jurisdictional and sympathy strikes and secondary boycotts.

It opposed compulsory arbitration of labor disputes where "the public interest is not paramount," but urged "wholesale revision" of the Wagner Labor Relations Act and asked Congress to outlaw violence, coercion, mass picketing, intimidations and sitdown strikes.

W. Homer Harts, Chicago, chairman of the Chamber's Labor Relations Committee, presented the program to the Senate Labor Committee as Rep. Howard W. Smith told the House Labor Committee that the closed shop is "the most indefensible thing in U. S. labor relations" and should be abolished at any cost.

He conceded that there may be some disturbance to labor peace if the closed shop and industry-wide bargaining are abolished, but said it must be done, "regard-

## BOXING BRIBE CASE AT REST

NEW YORK, Feb. 6 (UP).—After landing what appeared to be three telling blows, Rocky Graziano's defense rested its case with surprising abruptness today in his \$100,000 bribe-offer hearing before the State Athletic Commission, and thereby cleared the way for a decision at 1 p. m. tomorrow.

When Edward P. F. Eagan, chairman of the Commission, announced that the decision would be handed down tomorrow, he also disclosed that the bribe-offer of welterweight champion Ray (Sugar) Robinson, scheduled for tomorrow, would be postponed "for at least a week."

less of the risk" to labor-management relations.

Hartz said the Chamber favors voluntary means for settling labor disputes and a "minimum resort to law." The Chamber, he said, is concerned about "serious inequities which result from increasing government intervention in one form or another."

There are more than 12,000 members of Sigma Delta Chi, a men's professional journalism fraternity.

## U. S., RUSSIA FAIL IN NEGOTIATIONS

NEW YORK, Feb. 6. (UP).—The United States and Soviet Russia failed again today to agree on the way to begin United Nations disarmament negotiations after teetering on the brink of accord during more than seven hours of private negotiations.

In a second day of brisk debate over American-Russian differences, Warren Austin of the United States and Andrei Gromyko of Russia found no way to close the gap. The delegates of Belgium, Australia, France and Colombia pushed vainly for a compromise, then proposed that the six-member group try again tomorrow at 3 p. m. to break the deadlock.

At the suggestion of the four Small Nation representatives, Austin and Gromyko said they might meet privately tomorrow morning in an effort to work out an agreement before the subcommittee reconvenes in the afternoon.

"Little Nell hung over the cliff all day," one United Nations official said, "But when we finished tonight we still were about where we were last night."
